## GRADING SYSTEM

The French system uses the 0-20 grading scale. All the grades are assigned out of 20.

The highest possible grade is 20 out of 20, the lowest possible grade is 0 out of 20, the average mark is 10 out of 20.

A student may be awarded the following honours:

Each semester awards up to 30 ECTS (European Credits Transfer System).

## LANGUAGES

As UFR STAPS classes (both practical and theoretical) are taught in French only, students should be able to follow university lectures in French and take the exams (written or oral) in French. This means that applicants should be at least **B2** level users of the French language, although a language test certificate is not required from exchange students.

→ For self-assessment regarding your language skills, you can use the self-assessment grid corresponding to the Common European Framework of Reference for Languages

The University of Montpellier additionally offers French Language Classes (FLE: Français Langue Étrangère).
